Blueprints Family Medicine 3rd Edition Blueprints Series

This is actually the third edition of a book that began life as An Introduction to Family Medicine in 1981. The clinical chapters and the section on the practice of family medicine were added in the edition of 1989. The book and the ideas it presents have grown with the development of the discipline. Important themes run right through the book.

Highly acclaimed in its first two editions, Ian R. McWhinney's Textbook of Family Medicine is one of the seminal texts in the field. While many family medicine texts simply cover the disorders a practitioner might see in clinical practice, McWhinney defines the principles and practices of family medicine as a separate and distinct field of practice.
