Teresa Evans has been a classroom teacher in Australia for more than 20 years. She has two adult children and lives in a coastal area of Queensland, Australia with her husband.

Teresa says her favorite subjects to teach have always been math and phonics. For many years, she used games in these areas to make

Each player puts a marker on the start. Players take turns to throw 2 dice. The player adds the 2 numbers together and can move the marker up to the first row onto any number that is a multiple of the total of the 2 dice, e.g. if a 5 and 2 is thrown, a player can move to 14 as 14 is a multiple of 7.
