Cadillac Desert The American West

Underlying the encyclopedic scope of "Cadillac Desert" are two basic themes. First, the settlers lured to the arid West by the railroads and the US Federal Government in the 19th century needed cheap water to support agriculture on their 160 acre parcels of land, and also for their growing cities such as Los Angeles.

Amazon.com: Cadillac Desert: The American West and Its ...

Cadillac Desert, is a history by American Marc Reisner about land development and water policy in the western United States. Subtitled The American West and its Disappearing Water, it explores the history of the federal agencies, Bureau of Reclamation and U.S. Army Corps of Engineers, and their struggles to remake the American West in ways to satisfy national settlement goals. The book concludes that the development-driven policies, formed when settling the West was the country's main concern, h
