Medication Management Tracer Workbook : Jcr : 9781599406091

TJC Medication Management Tracer: Surveyor Focus During this "system tracer," the surveyors are analyzing your medication management processes. That means how you select, store, order, administer, and monitor medications. Typically, the way surveyors do this is to trace the use of a specific medication during a tracer out on the unit.

describes the system tracer. This tracer process can be applied to any area of the hospital, not just direct patient care. The focus should be on high-risk, problem-prone, and high- or low-volume system processes. Once again, it will allow the tracer team to see the points of the system or process from beginning to end and

Joint Commission Mock Tracer

your medication is causing a new, negative effect such as stomach ache, rash or dizziness. 11. Ask for a medication review, especially if you see more than one doctor. (A medication review involves reviewing each of your prescription and over-the-counter medications. You do this by bringing your medication list to your pharmacist or physicians.)
