Women Armed Conflict And International

Women, Armed Conflict and International Law. The role that gender plays in determining the experience of those caught up in armed conflict has long been overlooked. Moreover, the extent to which gender influences the international legal regime designed to address the humanitarian problems arising from armed conflict has similarly been ignored. In the early 1990s, prompted by extensive media coverage of the rape of women during the conflict in Bosnia Herzegovina, the international community ...

affected by armed conflict has received little attention. This work takes the experience of women of armed conflict, matches it with existing provisions of international law, and investigates reasons for the silence of the latter in relation to these events for women.

Women, Armed Conflict, and International Law: Gardam ...

International law guarantees women and men equal rights, however, women and girls face discrimination and inequalities in armed conflict. Governing states, international organisations such as the United Nations, and women's organisations, have done much to raise awareness.

Women and Armed Conflict - Soroptimist International

The international humanitarian law does provide for a theoretical juristic framework for the protection of women from violence in armed conflict but when it comes to the implementation part, there are various obstacles.

PROTECTION OF WOMEN IN SITUATIONS OF ARMED CONFLICT: AN ...

Women, armed conflict and international law. Women, armed conflict and international law. HELENDURHAM*. "IHL takes a particular male perspective on armed conflict, as a norm against which to measure equality. In a world where women are not equals of men, and armed conflict impacts upon men and women in a fundamentally different way, a general category of rules that is not inclusive of the reality for women cannot respond to their situation."¹

Women, armed conflict and international law

Women. International humanitarian law aims to prevent and alleviate suffering in war without discrimination based on sex. But it does recognize that women face specific problems in armed conflict, such as sexual violence and risks to their health. read more.

Women | International Committee of the Red Cross

The legal position of women was initially defined through the array of the general acts of international humanitarian law. Later, the international legal framework developed and in the course of time, the natural need for the special legal protection of women and their rights in the armed conflicts were observed.

Situation of women in armed conflicts

The perennial problem of sexual crimes against women in armed conflicts strongly commands particular attention to the development of appropriate norms of international law—and appropriate review of existing ones—in such a deliberate manner as will assist in addressing the problem.

International Law and Sexual Violence in Armed Conflicts ...

Women and armed conflict. Sexual violence against women and girls is widespread in conflict and used as a war tactic. Reports from the Democratic Republic of the Congo on the extent of conflict-related sexual violence range from 18 to 40 per cent among women and girls and between 4 and 24 per cent among men and boys.

International armed conflicts. The rule that the specific needs of women affected by armed conflict must be respected flows from provisions found in each of the four Geneva Conventions. [2] The First Geneva Convention, for example, requires that "women shall be treated with all consideration due to their sex".

Customary IHL - Rule 134. Women

Women's Rights in Armed Conflict under International Law is the first book to account for this pluralism and institutional diversity. This book identifies key aspects of how different regimes regulate women's rights in conflict, and how they interact.

Women's Rights in Armed Conflict under International Law ...

International humanitarian law (IHL), also referred to as the laws of armed conflict, is the law that regulates the conduct of war (*jus in bello*). It is a branch of international law which seeks to limit the effects of armed conflict by protecting persons who are not participating in hostilities, and by restricting and regulating the means and methods of warfare available to combatants.
